

Dear Neighbors,

Greetings from our state capital. The 59th legislative session is underway and I am honored to serve as your 17th District Representative in the Legislature. Clark County and the state face many challenges in this legislative session: improving education and transportation, making health care affordable and accessible, ensuring state government accountability, and creating and keeping good jobs in Washington state. In the coming months, we will look at a budget gap as well.

I am working hard to tackle these tough issues for our district and the state. We must create good jobs for Clark County citizens, which means transportation systems must be improved. As vice-chair of the House Transportation Committee I am pushing for top-level projects like the I-5/I-205 improvement project and a regional transportation district that will allow you, the voters, choice to fund transportation projects locally.

I value your thoughts about our state. I am accountable to you as a representative and would like to hear from you. I'm happy to send you my E-mail newsletter. Thank you for giving me the opportunity to continue as your representative. I hope to hear from you soon.

Sincerely,

Deb Wallace
